

EASY TO INSTALL THANKS TO PLUG & PLAY

No need for cables or connections between the equipment. Simply plug the POWERBAY Pool Master into a power outlet.

All the equipment is set up to treat and heat the water and the area around the pool is kept clutter-free.

Do you want to adopt a more eco-friendly routine?

Thanks to the POWERBAY pool master your pool treatment becomes more efficient and balanced, reducing the use of chemicals. The All-in-one heat pump, equipped with Full Inverter technology, ensures continuous operation without consumption spikes, optimizing your energy use and reducing your ecological footprint, all while guaranteeing optimal comfort for swimming.

POWERBAY POOL MASTER – ALL-IN-ONE POOL HEATING & WATER TREATMENT SYSTEM

Integrated Heating, Cooling, Filtration & Chlorination – Simplified for You

The POWERBAY Pool Master is an advanced, compact solution that seamlessly combines the FOUR essential features for maintaining a clean, comfortable, and healthy aquatic environment: a reversible inverter heat pump, salt chlorinator, circulation pump, and eco-filtration system—all integrated in one plug-and-play unit. Engineered specifically for Australian conditions, the Pool Master is ideal for Above-ground pools, Spas, Ice baths and small In-ground pools with capacities of up to 15,000 litres in volume.

Year-Round Comfort for Only \$1 a day*

Disclaimer: *Estimated daily cost of approx. \$1 is based on laboratory testing using a 4,000 litres pool with a pool blanket. Tests were conducted at an ambient temperature range of 15°C to 26°C, with target water temperature set to 28°C. Actual energy consumption and costs may vary depending on pool size, insulation, usage patterns, local climate, and energy rates.

POWERBAY

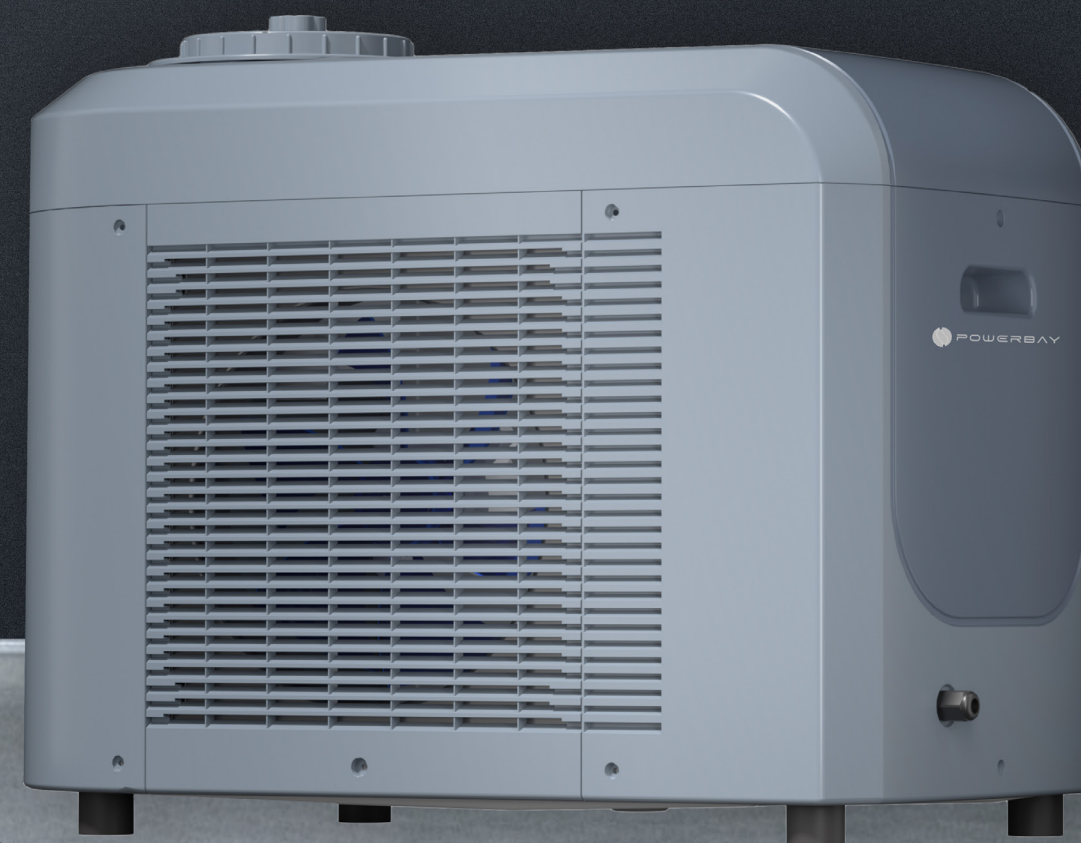

POWERBAY

ALL-IN-ONE POOL MASTER

*Ideal for Above Ground Pools, Spas & Ice Baths
up to 15,000 Litres in Volume*

*Year-Round Comfort for Only **\$1** a day**

Pool Maintenance Made Simple

- **HEATING & COOLING** ————— 5Kw Heat Pump - Heating & Cooling
- **SANITATION** ————— Salt Chlorinator - Production Rate Max 5gr/H
- **CIRCULATION** ————— Water Pump - 2300 Litres Per Hour
- **FILTRATION** ————— Anti-Bacterial - Eco Filtration

Are you overwhelmed by all the equipment needed to keep your pool spotless and functional?

The POWERBAY Pool Master is the solution.

The Pool Master combines the essential elements for clean and healthy water: a circulation pump and an efficient cartridge filter. It's also compact and easy to install.

The POWERBAY Pool Master can be placed near your pool and simply plugged into a power outlet. Once installed, you can manage everything remotely from your smartphone via the Powerbay app. Water circulation, filtration, disinfection, heating, and even controlling your pool lighting –everything can be managed with just one click!

Centralised & Connected Control

The Pool Master uses salt chlorination for natural disinfection. It goes even further by integrating a fourth essential element for your comfort: a reversible Full Inverter heat pump, ensuring the water temperature is always perfect for your swims.

The Pool Master simplifies management and effortlessly enhances your swimming experience.

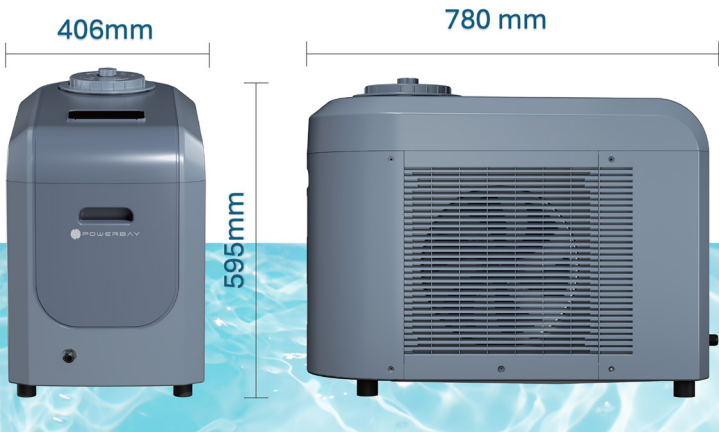

- HEAT PUMP - Full Inverter
- SALT CHLORINATOR
- CIRCULATION
- FILTRATION

WIFI Connection App Available

- ✓ Set your ideal temperature
- ✓ Adjust circulation & filtration
- ✓ Control your salt water chlorinator

POOL MASTER

Suitable For Above Ground Pools & Spas
Up To 15,000 Litres in Volume,
i.e., 3M x 5M Pool Size

TECHNICAL SPECIFICATIONS

GENERAL	
Pool volume	<= 15,000 litres
Power supply	230 V - 50 Hz
Max power	1.25 kW
Connections	32 / 38 mm
Product dimensions	780 x 406 x 595 mm
Noise level at 10m	<= 35 dB
Warranty	2 years

HEAT PUMP 5 KW		
Air 27 °C / Water 26 °C	Capacity	5.53 kW
	Power Consumption	1.05 kW
	COP	5.53
Target Temperature Range	Heating: 15 °C - 40 °C Cooling: 3 °C - 15 °C	
Operating Range	-7 °C - 43 °C	
Refrigerant	R32	
Compressor Type	Rotary	
Functions	Heating / Cooling / Auto	

FILTRATION	
D127 x H235 antibacterial filter	
Pureflow optional	

SALT ELECTROLYZER	
Salinity	3.5 g/l
Max production rate	5 g/l
Cell cleaning	Automatic
Operating modes	2 modes: normal / boost

CIRCULATION	
Flow rate	2300 litres / hr
Power	140W

SIMPLIFIED MAINTENANCE

Automatic regulation of water circulation

IDEAL TEMPERATURE ALL YEAR-ROUND

Full inverter heat-pump

CRYSTAL CLEAR WATER

High performance cartridge filtration system

HEALTHY & BALANCED WATER

Automatic treatment by salt chlorination
